EXPERIENCE

05 Months of Internship in full stack Web Development from 1st May 2022 to 30th September 2022 in pepcoding.
Junior Software developer in Adnecto Technology(working on UI/UX and back-end)

ABOUT ME

I am software developer. I have analytical and technical issues or problem-solving skills. I have nice communication and collaboration skills for teamwork. My future goal is to do innovation and to become a software-solution person.

PROJECTS

CAMERA APP:

Link-<https://github.com/Rishahum/Camera-Aap>

It is like a web camera in laptop, we have four filters which we can apply. Photos and videos get stored in gallery which can be further deleted and downloaded. Made using javascript, html, css. User interface is eye-catchy.

DASHBOARD:

Link- <https://github.com/Rishahum/Dashboard>

This is back end + front end technical design project. GET rest api / api's request(schema based) is used to extract data from a NoSQL database(MongoDB) and then use that information to make graphs through charts.js and Express.js.

NATION MASTER

Link- <https://github.com/Rishahum/Nation-Master>

This project is a responsive designs interface used to made crud operations using NodeJS for backend and Next for frontend. Using restful API calls, unique id will increase programming efficiency frontend integration with backend. Using MongoDB for data modeling and query optimization.

QUIZ APPLICATION

Link:- <https://6554385dd4c7e04cb3f28b35--spontaneous-beijinho-55a663.netlify.app/>

This project made is a basic example app like ReactJS. Every question has 4 option and a solutions. Tech:- JavaScript, html5 , css3. I am working to store the data into mongodb in json format using NPM.

SKILLS

Languages: JavaScript, Java, C++/C framework: Nodejs, ReactJS.

Familiar:

Version control system- Git, Typescript, some DSA concepts in java([link](#))

Strong:

HTML , CSS , JavaScript, ES6, Nodejs , ReactJS, Node Api, Express, MongoDB, Next.js, Chakra UI

EDUCATION

Fairfield Institute Of Management And Technology
Guru Gobind Singh Indraprasath University

Delhi

— *Bachelors in Computer Application*

2020 - 2023
